

Ronide Blanc is the Director of the Lotus Thrift Chic Boutique, and an alumna of Lotus House since 2014. She initially started as an Operations Manager, making sure that new intakes and current guests feel at home and provide assistance wherever was needed.

Now, she is the Director of the Thrift Boutique, and she and the team make sure that every guest receives their clothing vouchers as requested – providing the ladies who are in transition to their new housing with furniture, such as mattresses and bed frames, pots and pans, and other household items.

She also manages our paid internship program ensuring that the interns build or enhance their retail and customer service skills and experience.
